

Freeride in St. Anton/Austria

February 26 – March 2, 2008, guided trip

There may be many fabulous ski destinations throughout the world, but when you're at St. Anton in breathtaking Austria, you'll feel like you're at the center of the skiing universe. This is a lively place where you will find world-class skiing at its best, as well as non-stop nightlife and excellent food. St. Anton is a snowy paradise of the highest calibre in winter. But there's more - St. Anton is a modern holiday resort that has retained its traditional appeal. Hospitality and Tyrolean customs are as much a trademark of the village as its international, cosmopolitan character. And it doesn't only offer a colossal backdrop of peaks and popular skiing mountains, it also has all the comforts you would expect from an international holiday resort.

Skiing St. Anton

St. Anton is the first port of call for winter sports enthusiasts, and has enjoyed a world-famous reputation for decades. There are 85 mountain railways and lifts and 270 kilometres of prepared pistes. This area offers several tantalizing runs that descend some 192 kilometres (120 miles) off-trail. If you're an avid skier, no doubt you'll find the trail you've been looking for here, but there's also plenty of skiing for all levels. One extremely important point – this Tyrolean resort is in an area of the Alps where snow is virtually guaranteed. It has also become one of the world's Meccas for ski bums. That's a reflection of the wonderful, tough off-slope runs available in the bowls below the Valluga - the best that Austria has to offer.

Program Feb 26 – March 2, 2008**Freeride in St. Anton – 3.5 day skiing with a professional mountain guide**

If you're an avid skier, no doubt you'll find the trail you've always been looking for here. With an experienced mountain guide you will ski off-piste as much as weather and snow conditions allow. Safety is our main focus so we cannot guarantee to ski off-piste all the time! The mountain guide knows the Ski Resort very well. He will show you the best runs you have ever ridden.
